Date.	To whom sent.	Notes and instructions.

Copy of extract paragraph 2 from Financial Adviser's note dated 30th September 1949.

"2. There are no formal Govt. orders issued sanctioning establishment for various water works taken over by the Public Health Engineering Department which were formerly run by the States concerned .These may be issued by the P.W.D. e.g. in Surat District there are six water works for which appointments have been sanctioned by the P.H.E. but there no formal orders have been issued.

Please send a copy of the paragraph to P.W.D. That Deptt. should issue orders regarding all P.H. Engr. works taken now from the States.

	PERMANENT POSTS							
1.	Mech. Water Works Engineer. — Mr.C.G.Puranik. D.C.E., D.M.E.	Permanent.	12	Rs. 87/- + Rs. 20/- w.w. allowance.	Shift Engr.	80-5-100-8-140-10-220-10-270.	132	The incumbent of this post was working only part time on w.w.Establishment for which he was paid an allowance of Rs. 20/- p.m. But this method was found to be very defective as the services of the Shift Engineer or Mechanical Engineer were quite essential for the water works, and hence the authorities concerned were requested to spare the services of the incumbent wholly for the water works. The question of his final absorption is still under correspondence with the Collector South Satara.

Public Health Engineer
to Government.

DWK/10-1-51.

No.State-33/482 of 1951,

EXPRESS.

Poona 1, 11th January 1951.

To.

The Secretary to Government,
Public Works Department, Bombay.1

Sub. Establishment of for Water Works in the Deccan, Janjira & Gujarath States.

Reference:- Government letter, Public Works Department No. 1357/48-A(III), dated the 4th February 1950, and subsequent expeditors, last one dated the 21st August 1950.

2. I forward herewith the necessary information in the prescribed form in respect of the establishment taken over by this Circle, consequent upon the merger of the Deccan, Janjira and Gujarath States and transfer of Public Health Works to my Circle.

3. Most of the water works which have been taken over by my Circle, need a complete over-haul and be re-organised after major improvements, so as to run them on profitable basis. The Establishment transferred along with the works, would thus be far too a inadequate to look after the increased activities of the works and I may be required to have additional establishment. However, for the time being, I propose that all the ex.State Personnel absorbed along with the works, as shown in the annexed Statements, should be formally taken over and continued as heretofore in the interest of work. The statements are exclusive of the posts retrenched and no longer existing. Similarly the water works of Idar, Himatnagar have since been handed over to the municipality and Hence, information pertaining to the same, has not been furnished.

4.

4. This information could not be supplied to Government, earlier, as my Executive Engineers had to scrutinise the proposal in detail.

5. Please state if similar information in respect of gazetted posts is required by Government.

Sd/-
Public Health Engineer,
to Government.

D.A. 15 Statements
(each in ~~duplicate~~ duplicate).

10-1-51.

Letter.

No.1357/48-F.

Public Works Department,
Bombay Castle(Bombay No.1),
10th December 1951.

To.
The Public Health Engineer to Government.

Subject:-Establishment for the water works in the Deccan, Janjira and Gujarat States.

Reference :- Correspondence ending with your un-official reference No. States 33/13312,dated the 10th October 1951.

2. Ex.post-facto sanction is accorded to the creation of following posts for the various water works in the Public Health Circle with effect from the dates mentioned against them. These posts should be continued further for a period upto the 29th February 1952.:-
